

BOARD OPERATIONAL GOALS

The Board is responsible to the people, all of the people, for whose benefit the school district has been established. By virtue of this responsibility, the Board and each of its members must look to the future and to the needs of all people more than the average citizen finds necessary. This requires a comprehensive perspective and long-range planning in addition to attention to the immediate problems.

The Board must fulfill its responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy, and by evaluating the results. Further, it must carry out its function openly, while seeking the involvement and the contributions of public, students, and staff in its decision-making processes.
