

SCHOOL DISTRICT OF MILTON

2017 SUMMER SCHOOL PROGRAM Registration Handbook

I. Welcome!

Welcome to the 2017 School District of Milton Summer School Program! A wide variety of courses and activities are being planned for the upcoming summer session in an effort to meet the needs and interests of students in pre-kindergarten through grade 12. Summer school provides students, as well as staff, a wonderful opportunity to explore alternative interests, challenge one's abilities, and gain additional academic experiences in less than traditional settings.

We invite you to read about the various programs and classes that we will be offering this summer in the Course Information section of this handbook, along with the other important pieces of information contained in the following General Information section. We provide this handbook to the youngest in each family. In addition, registration information is available on the School District of Milton's Summer School web page.

II. Summer School Timeline

March 1	Registration begins Online registration opens in Skyward at 6:00 a.m. Registrations are scheduled on a first come, first served basis Any applicable fees are due at registration
March 15	Registration ends Online registration closes in Skyward at 12:00 a.m. (midnight)
June 12-July 7	Four Week Summer School Classes Session 1: 8:15 a.m. - 9:45 a.m. Session 2: 10:00 a.m. - 11:30 a.m. No classes Tuesday, July 4
June 12-July 21	Six Week Summer School Classes Session 1: 8:15 a.m. - 9:45 a.m. Session 2: 10:00 a.m. - 11:30 a.m. No classes Tuesday, July 4

III. General Information

A. Registration - For students who currently attend Milton Schools, families are encouraged to register using their Skyward Family Access account. Summer school scheduling is available through Skyward between March 1, 6:00 a.m. through March 15, 12:00 a.m. (midnight). If you prefer to register using the paper registration form you may do so. For students who do not currently attend Milton schools, families can register students using the paper registration form. Paper registrations will be accepted between March 1-15. All registrations will be processed on a first come, first served basis.

Registration forms can be mailed in or dropped off at the Summer School Office. The mailing address for the Milton Summer School Program is PO Box 476, Milton, WI 53563. Registration forms that are mailed in need to be postmarked by March 15. The Summer School Office is located at the high school. In order to process a registration, the registration form must be filled out completely (one form per student) and any applicable fees paid. If a course/session is cancelled due to insufficient enrollment or other reasons, parents will be notified and offered alternative courses for their student. Students should register for courses with regards to the grade level they will enter in the fall of 2017.

There will be no late registration available with the exception of Academic Make-Up.

B. Fees - Some courses require a specified nonrefundable fee to offset costs of supplies and materials. Please refer to the information provided with each course description to determine which courses require fees. Fees can be paid online during registration or mailed to Milton Summer School, PO Box 476, Milton, WI 53563. All fees can be included on one check payable to "School District of Milton."

Non-Resident Fees: Students who are not residents of the School District of Milton are welcome to enroll in summer school. Non-residents should note that a tuition fee of \$20.00 for each enrichment class will be charged. Classes taken for credit will

cost \$100.00 per class for non-residents. The material fees charged for specific summer school courses will also apply to non-residents in addition to the tuition fee.

C. Locations - Summer school will be located at Milton West Elementary, Northside Intermediate School, Milton Middle School, and Milton High School. There will be a shuttle bus available to transport students who must change schools between sessions. Tentative class locations are indicated next to the course listings as well as on the last page of this booklet.

D. Dates and Times - Four Week Classes (Enrichment and Remedial) will begin on Monday, June 12, and conclude Friday, July 7. Six Week Classes (Academic Make-Up) will begin on Monday, June 12 and conclude Friday, July 24. There will be no classes on Tuesday, July 4. Session 1 classes run from 8:15 a.m. - 9:45 a.m. Session 2 classes run from 10:00 a.m. - 11:30 a.m. The dates for summer school are subject to change in the event the School District of Milton has to make up additional days due to inclement weather.

E. Regulations

Attendance - attendance needs to be regular. Family trips planned during Summer School place your child and perhaps other classmates and the teacher at a disadvantage. If, however, you anticipate an absence, please contact your child's summer school building office(s) with that information.

Dress - students may dress casually but should always dress appropriately

Conduct - regular school-year conduct rules will be followed

Behavior - significant misbehavior may result in removal from summer school

F. Visitors - Allowing friends and visiting relatives to accompany students to summer school classes has posed a variety of difficult situations. We cannot ensure a safe environment when we lack adequate emergency information on guests, nor can we provide appropriate supervision for the extra students. We request that students not bring visitors to summer school.

G. Information and Assistance - If you have any questions about summer school courses and/or registration, please contact us by leaving a message, along with daytime and evening phone numbers, on our voicemail (868-9575). We will return your call as soon as possible.

IV. Three Types of Courses

A. Academic Make-Up Courses - Most of the academic make-up courses are held during the **six week summer school session**. These classes are listed by school and are indicated as academic make-up. There are no fees for academic make-up courses. Students recommended or required to take academic make-up courses will be notified in late May/early June by the student's school office.

Grades 4 - 8: Academic make-up courses for grades 4-6 are located at Northside Intermediate School. Academic make-up courses for grades 7-8 are located at Milton Middle School and are held during the **four week session**.

Grades 9 - 12: Academic make-up course for grades 9-12 are located at Milton High School. These classes are worth one-half credit. A counselor recommendation is needed to register for these courses.

B. Remedial Courses - Remedial courses are held during the **four week summer school session**. These classes are listed by school and indicated as remedial. A variety of remedial courses are offered to students going into grades 1-8. Remedial courses are designed to help prepare the student for the grade level he/she will be entering in the fall. Enrollment in remedial course is based upon teacher recommendation. Parents should receive this recommendation prior to receiving this handbook.

If you feel your child is in need of remedial course instruction this summer but have not received a letter stating so, please contact your child's teacher. It is equally important to note that if you have received a letter of recommendation, it is still your responsibility to register your child. The letter of recommendation does not register your child for you.

There are no fees for remedial courses.

C. Enrichment Courses - A variety of enrichment courses are offered to students during the **four week summer school session**. Courses are available for students in Pre-K - grade 12. The curriculum is designed to provide expanded learning opportunities and experiences for students. These courses have been designed to meet a wide range of interests and needs.

Some enrichment courses have material fees.

V. Courses Listed By School

The following pages provide a list of remedial, academic make-up, and enrichment courses. Students should register for courses with regards to the grade level they will enter in the fall of 2017. If a course/session is cancelled due to insufficient enrollment or other reasons, parents will be notified and offered alternative courses for their student.

West Elementary School:

A. REMEDIAL CLASSES:

Grade 1 Readiness

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 2 Math

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 2 Reading

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 3 Math

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 3 Reading

Sessions 1 & 2

Teacher Recommendation Required (no fee)

B. ENRICHMENT CLASSES:

Alphabet Antics - Grades K-1

Sessions 1 & 2

Alphabet Antics is a course designed to explore the sights and sounds of the alphabet through stories, songs, games, drawing, and various arts and crafts projects. The letters and their sounds are reinforced in a relaxed, motivational setting, where every child is successful. (no fee)

Arts & Crafts I - Grades K-2

Sessions 1 & 2

Students will enjoy learning about artists and making lots of fun, useful projects using their techniques! We'll even have a gallery to show off our projects! (\$4.00 material fee)

Beginning Piano - Grades 2-3

Sessions 1 & 2

Students will learn basic piano skills, music notes, and other basic music skills. By the end of the course, students will be able to play simple tunes. Musical games and crafts will also be included with this course. (\$13.00 material fee)

Dinosaurs - Grades K-2

Sessions 1 & 2

We will be studying dinosaurs through fun and exciting stories, art projects, drawing and coloring, and other great activities! (\$4.00 material fee)

Fun in the Sun - Grades K-2

Sessions 1 & 2

Come play! Join in outdoor and indoor activities and projects for summer fun. We will have a blast with bubbles, games, water and plenty of hands-on learning experiences. (no fee)

Fun with Books - Grades K-1

Sessions 1 & 2

Students will listen to a variety of books and participate in activities centered around those books. Children will make their own books, make art and craft projects, taste-test food, conduct science experiments, and play math games. (no fee)

Jump Start to Pre-K - Grade Pre-K

Four Sessions:

1A June 12 - June 23 at 8:15-9:45, **2A** June 12 - June 23 at 10:00-11:30

1B June 26 - July 7 at 8:15-9:45, **2B** June 26 - July 7 at 10:00-11:30

This two-week class is offered to help children entering Pre-Kindergarten get a jump start to next year by offering a glimpse of the world of Pre-Kindergarten! Circle time, read alouds, songs, dancing, projects, and centers are just some activities your child will do during summer school. Children will also be practicing social skills, problem solving skills, begin to follow simple classroom directions, and explore the learning environment. This is the only summer school class offered to Pre-K students. (no fee)

Kindergarten Enrichment - Grade K

Sessions 1 & 2

Welcome to Kindergarten! Kindergarten Enrichment is designed to prepare your child for their first year of school. Throughout the summer we will be working on social skills, fine motor skills, a calendar routine, and being introduced to numbers, shapes, colors, and name writing. Our day is full of fun and exciting activities that focus around a theme. (no fee)

Let's Make Music + More! - Grades K-3

Sessions 1 & 2

Music and MORE comes to life in this exciting class! We will explore music through singing, dancing, movement, props, books, rhythm instruments, and daily projects. Get ready to make music and more this summer! (\$4 fee)

Old MacDonald Had Some Vowels - Grades 1-2

Sessions 1 & 2

Get ready to sing, dance and have fun with Old MacDonald and his friends this summer. This is an active class that will help build confidence in both reading and writing. We will build puzzles, create books, and play games. This is a great way to reinforce the importance of how much fun reading and writing can be! (no fee)

Organized Games and Sports - Grades 1-4

Sessions 1 & 2

FUN is required! Enjoy the outdoors while learning the fundamentals that lead to team sports. This course includes creative variations of some old favorites such as dodge ball, kickball, soccer, and Capture-The-Flag as well as some wacky, nontraditional tagging games. Cooperative play and sportsmanship are emphasized. Don't "dodge" the opportunity to "capture" some fun in the sun this summer! (no fee)

Reading Booster Club - Grades 2-4

Sessions 1 & 2

Want to have fun learning to be a better reader? The students in this course will have fun doing hands on activities, using their imaginations, and even creating their own books on iPads. The focus of this class will be reading and learning about different authors both in the classroom, outside, and through technology. We will spend a lot of time "boosting" our reading with some terrific books! (no fee)

Sensational Summer Science - Grades 1-2

Sessions 1 & 2

What is "science"? We will answer this question by examining plants, creepy-crawlies, doing chemistry with Kool-Aid, taking nature-walks around the school and much more. Many of our experiments will be done outside so that we can enjoy the sunshine and get messy! Science can be many things and this summer, it will be fun! (\$5.00 material fee)

Storybook Art - Grades 1-4

Sessions 1 & 2

Storybook Art is a course to inspire the love of art and reading through picture books. Students will be engaged in hands on activities including puppet making, clay with a real kiln, papier-mache, and drawing and painting, all inspired by our favorite children's book authors! (\$4.00 material fee)

Under the Deep Blue Sea - Grades K-3

Session 1 Grades K-1, Session 2 Grades 2-3

Take the plunge this summer! Students enrolled in this course will "dive" into the ocean and explore the world below. Join us as we experience the deep blue sea through books, artistry, and a growing knowledge of ocean life. This is your chance to get your feet wet! (\$5.00 material fee)

Northside Intermediate

A. ACADEMIC CLASSES:**Academic Make-Up 4-6**

Sessions 1 & 2

Recommendation or Requirement Needed to Register (no fee)

Six week session

B. REMEDIAL CLASSES:**Grade 4 Math**

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 4 Reading and Language Arts

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 5 Math

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 5 Reading and Language Arts

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 6 Math

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grade 6 Reading and Language Arts

Sessions 1 & 2

Teacher Recommendation Required (no fee)

C. ENRICHMENT CLASSES:**American Girls - Grades 3-5**

Sessions 1 & 2

Students will learn about American History and today's world through the American Girl Dolls! We will make crafts for our dolls, play games, make snacks, read books, and watch videos. Come explore the world with American Girl. (\$5.00 material fee)

Arts & Crafts II - Grades 3-4

Sessions 1 & 2

Use your creative talents to help design new crafts. Depending on the child's grade level, this course will expose students to the art of making collages, papier-mache, stenciling, stamping, painting, drawing, and ceramics. Explore the world of art and let your imagination work for you. (\$8.00 material fee)

Baseball - Grades 4-8

Sessions 1 & 2

Students will learn and practice fundamental skills of baseball through drills and games. Skills taught will be: throwing, catching, hitting, bunting, pitching, and base running. The class will participate in actual games arranged by the instructor. (\$4.00 material fee)

Basketball - Grades 3-6

Session 1 Grades 5-6, Session 2 Grades 3-4

This Basketball course will help you become a better basketball player by focusing on drills, games, and other activities designed to improve your shooting, ball-handling, passing, and other skills. (no fee)

The Chocolate Factory - Grades 3-6

Sessions 1 & 2

This course is open to all young, aspiring Willie Wonkas! Yummy chocolate reading and writing activities, scrumptious math lessons, delicious chocolate making and tasting opportunities will capture your interest and satisfy your urges for a summer dripping with fun. Other chocolate adventures will include Internet activities, collecting chocolate recipes to create a recipe booklet, and enjoying in the construction of a chocolate town. (\$8.00 material fee)

Club Fit - Grades K-4

Sessions 1 & 2

Come have fun staying fit! Join us for stretches, warm-up walking, and circuit training. We'll have fun playing games like *SPUD* and *What Time is Dinner, Mr. Fox*, along with water activities on hot days. We'll also learn about nutrition and enjoy some tasty snacks. Be part of the club - join Club Fit! (\$8.00 material fee)

Environmental Rescue Rangers - Grades K-2

Sessions 1 & 2

Students will spend time outdoors exploring the environment through observation and collecting natural objects for science and art projects. Fun, hands-on activities will increase a greater appreciation for the environment. Technology tools will be used to facilitate ecosystems around the world such as rainforests and oceans. Learn what you can do to rescue our environment! (no fee)

Fitness Fun - Grades 4-7

Sessions 1 & 2

If you want to stay in shape and learn about fitness and healthy eating then this is the class for you! Whether you are an athlete who wants to stay in shape for your sport or someone who just wants to be more active, this class is designed to show you how to be fit in a fun way! Each day we will do different activities and games that build your endurance and strengthen your body. We will do yoga, pilates, step-aerobics, jump-roping, etc. Twice a week we will enjoy a healthy snack to promote healthy eating as part of a healthy lifestyle. (\$8.00 material fee)

Flag Football - Grades 3-6

Sessions 1 & 2

Fundamentals and techniques of flag football will be taught, along with game activities. Running drills and a variety of other games will be offered as well. (no fee)

French - Grades K-6

Session 2

Do you like to sing and play games? If so, come learn French! We will learn basic French while having fun, including going on an imaginary trip to France. (\$4.00 material fee)

Jewelry Making - Grades 3-6

Sessions 1 & 2

Join us for Jewelry Making! Students will create jewelry (and a few other accessories) using a variety of materials. We will use wire, stretch magic, hemp, and memory wire to make items such as friendship bracelets, rings, necklaces, polymer beads, and flip-flops. (\$10.00 material fee)

Lego Mania - Grades 3-6

Sessions 1 & 2

Start "building" a great summer with Lego Mania. Let your imagination soar by creatively solving building challenges like a boat that floats or the highest free standing tower. If you can imagine it, we will build it. Legos will be provided; students will not bring their own Legos. (no fee)

Minecraft EDU - Grades 3-6

Sessions 1 & 2

Think Minecraft is just a video game? Think again! Create, explore, and put your problem-solving skills to the test with storyboarding and level design, while learning to build and customize amazing worlds. (no fee)

Sizzling, Slimy, and Strange Science - Grades 3-4

Sessions 1 & 2

Erupting volcanoes, slimy substances, sparkling stars, and blossoming blooms! Sizzling, Slimy, and Strange Science Experiments will take you on an adventure of exploring the world of science, through fun and educational experiments, while having hands on experiences. This class is designed to bring out the joy of science for students in grades three and four! (\$5.00 material fee)

Spanish - Grades 2-6

Sessions 1 & 2

This course is an introduction to the Spanish language and Mexican culture. In a very relaxed way, students are exposed to basic Spanish vocabulary and conversational phrases. Mexico is featured, as it is our neighbor to the south. Foods, legends, celebrations, and craft projects of Mexico are explored. Make your own pinata! (\$8.00 material fee)

World Languages - Grades 3-6

Session 1

Are you interested in languages and culture? If so, this is the class for you? We will learn the basics of Japanese, German, Arabic, and American Sign Language. Basic topics include: alphabet, colors, numbers, speaking, and culture. Class activities will be supported with videos, books, music, games, and food tasting. (no fee)

Middle School

A. ACADEMIC CLASSES:

Academic Make-Up 7-8

Sessions 1 & 2

Recommendation or Requirement Needed to Register (no fee)

Four week session

B. REMEDIAL CLASSES:

Grades 7 & 8 Math

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grades 7 & 8 Reading & Language Arts

Sessions 1 & 2

Teacher Recommendation Required (no fee)

Grades 7 & 8 Writers' Workshop

Sessions 1 & 2

Teacher Recommendation Required (no fee)

C. ENRICHMENT CLASSES:

Babysitting Skills - Grades 6-12

Sessions 1 & 2

Interested in babysitting? The Babysitting Skills course will help you develop the knowledge and skills necessary to be a confident and successful babysitter! You will learn what the job of babysitting involves, the developmental stages of infants and young children, and how to properly care for all their needs. First Aid and CPR, along with handling emergency situations, will be addressed and practiced. The class will take a field trip to a local child care center and interact with children of various ages. By the end of the course, you will have materials to help you be the best babysitter you can be, including the babysitting kit you create. On the last day, you will have the opportunity to babysit for young children (in the classroom setting) as the class will host a "Play Day" for some community families. *Due to the extensive material, attendance is imperative for this course.* (\$15.00 material fee)

Coding With Swift Playgrounds - Grades 5-8

Sessions 1 & 2

Have you ever wondered how today's most popular apps are created for your iPad or smartphone? Would you like to work on your problem solving skills? Come learn the new Swift programming language using Swift Playgrounds app on the iPad. Swift Playgrounds is interactive and fun. Solve puzzles to master the basics of Swift and then move on to more advanced challenges. Swift Playgrounds requires no coding knowledge, so it's perfect for beginning coders. (no fee)

Creative Dramatics - Grades 4-8

Sessions 1 & 2

Come one, come all, the world of drama awaits! Students will have the opportunity to learn the importance of blocking, voice inflection, tone, parts of the stage and other skills through improvisational games and skits. The class culminates in a production of a play that will be produced during the final week of the summer school session. (no fee)

Fishing - Grades 3-8

Sessions 1 & 2

This class spotlights the excitement and enjoyment of fishing. Students will learn many facts about how to identify fish, rig tackle, and catch more fish. A hands-on emphasis will let students practice casting techniques, knot tying, and jig and lure making. A fishing trip to a local pond along with an expert speaker is also planned. (\$5.00 material fee)

Girls Weightlifting - Grades 8-12 | June 12-July 27, Mondays-Thursdays

Four Sessions:

Session 1A - 8:15-9:00, **Session 1B** - 9:00-9:45, **Session 2A** - 10:00-10:45, **Session 2B** - 10:45-11:30

This program will teach girls how to use a variety of weight lifts and activities, while instructing students on proper techniques and developing muscle strength and physical fitness. This class is monitored and individualized. *Please note the different dates and days.* (no fee)

Hands-On Agriculture - Grades 4-6

Sessions 1 & 2

This highly interactive, fun, 'hands-on' interdisciplinary course will offer thematic units allowing students to: play in the dirt, learn how seeds grow, plant container garden, learn about Wisconsin fruits, vegetables, crops, and Ag careers; understand why popcorn pops, taste fruits, vegetables, and make their own ice cream while practicing and developing their reading, writing, mathematics, communications and social skills. (\$8.00 material fee)

It's Snack Time - Grades 1-3

Sessions 1 & 2

It's Snack Time is a hands-on class designed to teach children how to prepare healthy after-school snacks the entire family can enjoy without using an oven. Examples include Party Sandwiches, Honey Bees, Nibbling Fish and nutritious drinks such as Orange Smoothies, Rainbow Coolers, and Strawberries Through a Straw. Recipe booklets will be given out to each child at our culminating tasting party. (\$5.00 material fee)

Technology Leaders in Training - Grades 7-9

Sessions 1 & 2

Are you good with technology? Do you enjoy using technology at home and school? Join our team and learn to be an advanced technology leader in the classroom and for your school! You will learn to be skilled in areas of troubleshooting, app use, digital citizenship, internet navigation, and leadership abilities. In addition, this course prepares students who may be interested in entering the technology cadet program at Milton High School. (no fee)

High School

A. ACADEMIC CLASSES:

Academic Make-Up - Grades 9-12

Sessions 1 & 2

These classes may only be taken by students in need of academic make-up credit to stay on track for graduation. A counselor recommendation is needed to register. Classes are worth one-half credit and students have up to six weeks to complete the course in a supported online forum. (no fee)

Algebra 1 (semester 2), **Algebra 2**, **Geometry** (semester 2)

English 9/10, **English 11/12**

Biology, **Earth Science**, **Integrated Science**

Civics, **U.S. History**, **World History**

B. ENRICHMENT CLASSES:

Cookies! Cookies! Cookies! - Grades 4-8

Session 1

This course will concentrate on the preparation of one of everyone's favorite foods. Daily labs will focus on learning about various types of cookies and their special preparation methods. Labs will vary from preparing No Bake recipes to dessert cookie pizzas and many other meal ending favorites. Students will compile a recipe file to share with family and friends. (\$10.00 material fee)

Field Biology - Grades 5-6

Sessions 1 & 2

Field Biology is a class for students who love to explore the outdoors! In classroom sessions (1-2 days/week), students learn adaptations and identification of animals and plants, including poisonous plants of our area, and the basics of aquarium and terrarium setup and maintenance. Field days (3-4 days/week) allow students to observe, capture and identify different animals and plants. Depending on which session, students must arrive early or stay late on field days to allow for travel time. (no fee)

Global Seminar - Grades 9-12

Sessions 1 & 2

This course is designed for students who are already in the MHS Global Education Achievement Certificate (GEAC) program, or those who intend to join the program in the fall. Students in Global Seminar will have a chance to work on their GEAC portfolios

in a more structured environment. They will have an opportunity to collaborate with peers and receive mentoring and feedback from the MHS Global Coordinator in completing the GEAC requirements. Students will work on individually-selected aspects of the program, such as completing the Cultural Literacy readings, writing reflection papers, developing their Service Projects, and putting together their final portfolio. (no fee)

Gymnastics - Grades K-3

Sessions 1 & 2

This course is designed to promote body awareness, balance, coordination and beginning gymnastics skills. Students will be challenged to strengthen their abilities on the floor exercise, uneven bars, balance beam and springboards. (no fee)

Hawks' Nest Apprentice - Grades 6-8

Sessions 1 & 2

What would you like to see sold in the Hawks' Nest school store? Now is your chance to make it happen! In this course students have the opportunity to design new products for The Hawks' Nest. Students will handle the process of researching, creating, and promoting the new items culminating in the products being introduced and sold in the store! Help your friends and family show their Milton spirit by designing the clothes they wear! (\$5.00 material fee)

High School 101 - Grade 9

Four Sessions:

1A June 12 - June 23 at 8:15-9:45, **2A** June 12 - June 23 at 10:00-11:30

1B June 26 - July 7 at 8:15-9:45, **2B** June 26 - July 7 at 10:00-11:30

This course is a fast-paced, exciting two-week elective that will help students prepare for life at Milton High School. Students will take tours of the high school, learn their schedules, meet staff and other students, and participate in fun group activities. This course is great for students who want to further leadership and confidence as they transition to MHS. (no fee)

Magic Chefs in Training - Grades 4-7

Session 2

This course will emphasize basic food preparation skills by participating in daily lab situations. Demonstrations will introduce new skills that will be practiced in labs. Each week is dedicated to a different area of menu planning: breakfasts, lunches, snacks and dinner. Students will compile a recipe file to share with family and friends. (\$10.00 material fee)

Power Gymnastics - Grades 7-12

Session 3: June 12 - July 7 at 12:00-1:30

This will be a fun, challenging class to reach out to intermediate/advanced gymnasts who have had prior gymnastics experience. We will focus on higher-level gymnastic still, technique, and conditioning. *Please note the different times.* (no fee)

Power Volleyball - Grades 5-12

Session 3: July 10-13 at 8:00-11:00

Improve your individual skills in volleyball and learn team concepts. Basic skills will be covered as well as team offense and defense. *Please note the different dates and times.* (no fee)

Tennis - Grades 7-12

Sessions 1 & 2 (students can register to attend both sessions for \$8.00 or one session for \$4.00)

This class will meet at the tennis courts. The course is designed to meet the needs of all skill levels with the use of various drills. With the drills, students will be able to improve their skills in this lifetime sport. Students are responsible to bring tennis racquets and wear tennis shoes each day. (\$4.00 material fee)

Volleyball - Grades 4-9

Session 1 Beginners, Session 2 Intermediate/Advance

Learn the basics of volleyball including the forearm pass, overhead pass, and serving as well as the rules according to WIAA standards. Team offense and defense will also be taught. Students will develop their skills on an individual, small group, and game basis. (no fee)

Weight Training - Grades 9-12 | June 12-July 27, Mondays-Thursdays

Four Sessions:

Session 1A - 8:15-9:00, **Session 1B** - 9:00-9:45, **Session 2A** - 10:00-10:45, **Session 2B** - 10:45-11:30

This course is designed to help the serious athlete get ready for the next season, or help any student improve and enjoy their workout regimen. This is open to all Milton High School boys and girls. Each student will be put on his or her own personal weight program! This class is monitored and individualized. *Please note the different dates and days.* (no fee)

Wrestling - Grades K-8

Sessions 1 & 2

In summer school wrestling, students will be learning wrestling techniques as demonstrated by high school wrestling team members. This course will include live wrestling, fun and encouraging mat games, and team building activities. (no fee)

Summer School At-A-Glance

REGISTRATION

Online through Skyward Family Access or the paper registration form: March 1-15
Students should register for courses with regards to the grade level they will enter in the fall of 2017.
**teacher recommendation needed*
