Welcome to Friday "Fast Facts" Newsletter

Welcome to the first edition of School District of Milton's Friday "Fast Facts", our bi-monthly electronic newsletter. This newsletter is intended to keep all district residents informed about events, meetings and other great things happening in the School District of Milton. We will share some of the many successes our students and staff enjoy in the classroom, in co-curricular experiences, and throughout our community. Thank you for signing up for this newsletter and for staying connected to our school district. An interactive calendar of upcoming meetings and co-curricular events is also available on our website. A link to our website is found below and at the bottom of this newsletter.

FOLLOW US ON SOCIAL MEDIA: For those who seek more instant updates about what is going on in our school district, you can follow us on our Facebook page, Twitter Account or Instagram. Direct links to each are found at the bottom of this newsletter.

Milton East Third Graders Learn to Write Persuasively and Donate to Humane Society

Third grade students and staff at Milton East Elementary took a fun, integrated learning project in persuasive writing and turned it into a very large donation to the Humane Society of Southern Wisconsin.

Students wrote persuasive letters that were used to solicit donations, resulting in more than \$1,500 worth of donations to the Humane Society in March.

Students Display Artwork at the Milton House

Students from throughout our school district proudly displayed their AMAZING artwork at the Milton House Museum this month in the annual Student Art Exhibit.

The Milton House Student Art Exhibit runs through Sunday, April 3, 2016.

Facilities Advisory Community Team (FACT) Begins Their Work

A group of 22 district residents on our Facilities Advisory Community Team (FACT) began to learn more about our instructional and facility needs last month. The goal of FACT is to formulate advisory solutions to address the District's instructional and facility needs. FACT meetings are open to the public. For more information on what FACT is doing and how to communicate with team members, please click on the link below.

NIS Students Proudly Represent Milton in Delta Kappa Literary Contest

Congratulations to all our Northside Intermediate School students who wrote and illustrated their own picture books as a part of Delta Kappa's Literary Competition. Northside had three winners in the regional school district competition. All winners have been invited to celebrate their achievements and receive a trophy at a reception to be held in May. The students who placed 1st, 2nd, or 3rd will also receive a cash prize. Congratulations to Northside's winning students and all our students who improved their writing skills during the contest.

MHS Students Learn About Financial Literacy and Life at "Reality Check"

On March 8, 2016, several hundred high school students from Milton and Edgerton participated in an interactive learning experience at MHS known as "Reality Check". Thank you to all our local businesses, citizen volunteers, and staff who helped students to gain more knowledge about financial literacy and managing money in a fun, life-like learning experience.

FUN FACT OF THE WEEK

Who has the Region's Only K-12 1:1 Technology Program?

ANSWER: **Milton!**

At the very heart of the quality educational experiences we offer students in Milton are our amazing teachers and support staff and the relationships they build with our students and parents. To support their work, we are proud to have the region's only K-12, 1:1 technology program.

At their last meeting, the Board of Education renewed the lease with Apple for the 1:1 technology program. This lease will provide all students with new iPads or laptops for the 2016-2017 school year. This great news comes at no additional expense to taxpayers, as the lease renewal maintains the same lease payment we

budget for annually in our existing budget.
